

**CYBERDOME<sup>®</sup>**

**ALWAYS AWAKE.**

**ALWAYS SECURE.**

Advanced Cybersecurity Solutions for Critical Sectors

# WHO WE ARE

- > Exclusively focused on cybersecurity, offering a full-service solution portfolio including products, audits, integration services, managed services, and training.
- > Operates a 24/7 Security Operations Center (SOC) delivering AI-powered threat detection and response.
- > Certified in ISO 27001, ISO 20000, and NDPR standards.
- > Trusted by financial institutions, government agencies, and enterprises across Nigeria and West Africa.

# COMPREHENSIVE CYBERSECURITY SERVICES

**MANAGED SOC & MDR:** 24/7 monitoring, threat detection, and incident response.

**DIGITAL FORENSICS & INCIDENT RESPONSE:** Rapid investigation and containment of security incidents.

**RED TEAM OPERATIONS:** Simulated attacks to test and improve defenses.

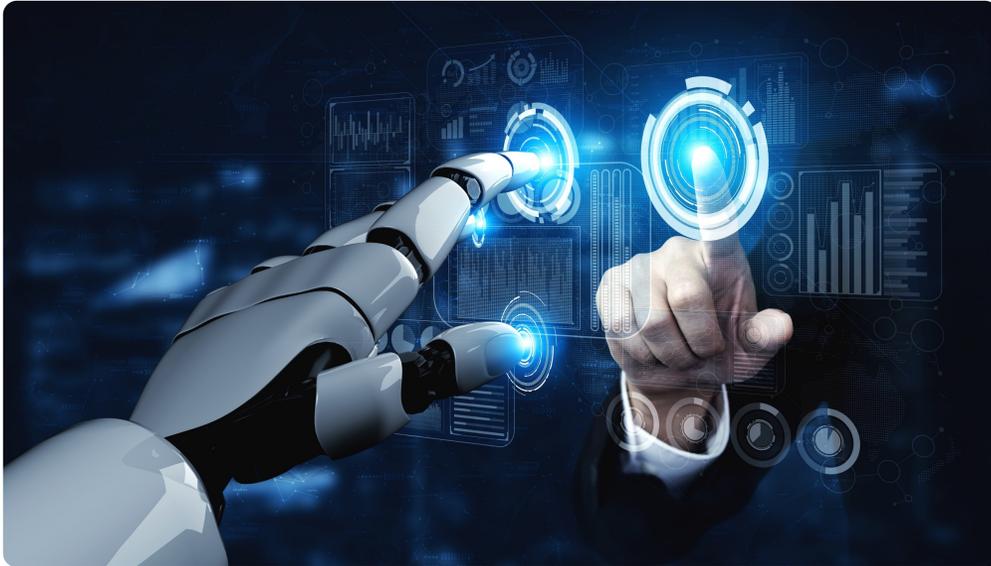

**ZERO TRUST & COMPLIANCE SERVICES:** Implementation of Zero Trust models and regulatory compliance support.

**CYBER ACADEMY:** Training programs to build cybersecurity expertise..

# BEST-OF-BREED TECHNOLOGIES & STRATEGIC ALLIANCES

Proprietary tools for log management, compliance, and automation.

**CATO**  
NETWORKS

Secure Access Service Edge (SASE) solutions for cloud-native security.

**ZERO**  
Networks

Automated micro segmentation and Zero Trust containment to stop lateral movement.

**CROWDSTRIKE**

Endpoint Detection and Response (EDR) and threat intelligence.

**securonix**

Security Information and Event Management (SIEM) for log management and threat detection.

**EC-Council**

Certified training programs in cybersecurity.

# TAILORED PROTECTION FOR CRITICAL SECTORS

**FINANCIAL INSTITUTIONS:**  
Banks, fintech companies,  
and microfinance institutions.

**GOVERNMENT & INFRASTRUCTURE:**  
Public sector agencies and  
critical infrastructure operators.

**ENERGY, OIL & GAS:** Energy  
providers and oil & gas  
companies.

**TELECOM & ISPS:**  
Internet service providers and  
telecommunications companies.

**HEALTHCARE & PHARMA:**  
Hospitals, clinics, and  
pharmaceutical companies.

# INTELLIGENCE-DRIVEN PROTECTION

Billions of threat intelligence records analyzed.

Over **200,000** hours of penetration testing conducted annually.

More than **30,000** vulnerabilities identified before exploitation.

Detection of over 1 million new malicious URLs each month.

Proactive defense through a global team of cyber analysts and security specialists.

# BUILDING CYBERSECURITY EXPERTISE

Offers professional instruction for cybersecurity experts to develop their skills.

Courses are offered at multiple levels and can be customized to meet an organization's specific needs.

Instructors are active professionals engaged in incident response and digital forensic cases.

Supports Africa's businesses, government institutions, and communities to be secure and successful.

# OUR CLIENTS

TRUSTED BY LEADING INSTITUTIONS

## FINANCE

## ENERGY, OIL & GAS
